SAVING YOU THIS

Did you ever wonder how much valuable metal is going out the back door of your plant? Our customers are amazed with the money recovered from the material going to landfill or being recovered by someone else. It's very difficult to imagine the hidden treasure as you look at a big, ugly dusty pile of slag or dross.

It's also very exciting for everyone when you recover huge savings that go directly to the bottom line. Customers have reported savings in excess of 200%.

Installations: Aluminum, Brass, Copper, Iron, Nickel, Steel/Stainless, and Specialty Alloys.
